

POSITION: Senior Net Developer

DEPARTMENT: Information Services

BASIC FUNCTION: Responsible for developing solutions to support business and system requirements. As a member of the development team, the incumbent is responsible for collaborating with project stakeholders and team members to design, implement, and improve in-house applications in a team environment.

MAJOR RESPONSIBILITIES:

- Reporting to the Director of Development and working in a team, you will be responsible for requirement analysis, design, development, testing, implementation and maintenance of United Way's business applications
- Ability to clearly communicate ideas and technical suggestions to project team members and end users
- Ability to collaborate with inter-related deliverables with project team members
- Ability to take responsibility for major technical deliverables and to ensure quality, accuracy and punctuality of the ending product
- Ability to self-manage own activities with strong initiative
- Strong analytical skills that can be applied to analyze technical specifications and troubleshoot deployment issues
- Ability to train, support and mentor junior and peer programmers in an environment that fosters team-work and creativity
- Assess the impact of software upgrades and other environment changes
- Other duties as required

QUALIFICATIONS:

- In-depth understanding of software development life cycle, object-oriented (OO) programming and design
- Excellent skills in ASP.NET, C# SSRS, SSIS, Web services and AJAX technologies with over 5 years experience
- Senior level expertise in .NET development and .NET Framework 3.x
- Software Design including 3-tier architecture (Presentation Layer, Middle Layer and Data Layer)
- Developing SQL stored procedures
- Experience in developing and implementing Business Intelligence solutions using Microsoft technologies and SharePoint development
- Experience with SSAS and ProClarity will be an added advantage

Interested candidates please submit resumes no later than **February 09, 2010** to:
